

St. Patrick School Athletics - Mission Statement

As an athlete representing St. Patrick School, I am participating in the sports program with the understanding that I am first a Catholic Christian student, who has the OPPORTUNITY to be a Catholic Christian athlete at St. Patrick School.

As an athlete representing St. Patrick School, I realize the most important characteristic during participation in athletics is my Catholic Faith on and off the field of competition. I agree that my mission while playing sports is to serve God and one another through my efforts toward and respect of my parents, coaches, teammates and administrators at St. Patrick School and Parish.

As an athlete representing St. Patrick School, I agree that I will give my best efforts to my team while putting team goals first and my individual goals second. I agree that my efforts will benefit the team in any format necessary to further our unity as Catholic Christians at St. Patrick School while being competitive Catholics called to be Christians during our practices, our games and also off the field of competition.

As an athlete representing St. Patrick School, I realize and will respect that St. Patrick School and its athletic program is a privilege that is earned through my conduct and my efforts in the classroom, on the field of competition and off the field of competition. This privilege may be taken away from me if my efforts do not meet the mission statement that I agree to abide by, while participating as an athlete at St. Patrick School.

Agreed upon by our student athletes and evidenced within the trophy case inside the gymnasium.
